Former Attorney General John Suthers Endorses Barb Kirkmeyer for Governor

(Colorado Springs, CO – October 23, 2025) – Former Colorado Attorney General and Colorado Springs Mayor John Suthers today announced his endorsement of State Senator Barb Kirkmeyer for Governor, praising her record of fiscal discipline, public safety, and principled leadership.

“Barb Kirkmeyer has spent her career delivering real conservative results for Colorado,” said Suthers. “She understands how to manage responsibly, make tough decisions, and always put Coloradans first. As Governor, she will restore accountability, strengthen our economy, and return common sense to the State.”

Suthers, who led Colorado’s Department of Law for a decade and guided Colorado Springs through a period of economic growth and infrastructure reform, said Kirkmeyer shares his belief in steady, principled leadership rooted in real-world experience.

“Barb brings the same kind of practical discipline I tried to bring to every office I’ve held,” Suthers continued. “She knows that taxpayers deserve efficiency, not excess, and that public safety is government’s first responsibility. Colorado will be in capable hands with her at the helm.”

Kirkmeyer thanked Suthers for his support, saying, “John Suthers has set the standard for honest, effective leadership in Colorado. His endorsement means the world to me, and I’ll work every day to uphold those same values as Governor.”
