Congressman Gabe Evans Endorses Barb Kirkmeyer for Governor

(Denver, CO – October 7, 2025) — Congressman Gabe Evans today announced his endorsement of Senator Barb Kirkmeyer for Governor of Colorado, highlighting her proven leadership on public safety, her deep respect for Colorado’s law enforcement community, and her ability to work with Congress to deliver meaningful results for the people of Colorado.

“As a former law enforcement officer and now a Congressman, I know firsthand the importance of strong leadership when it comes to keeping our communities safe,” said Congressman Evans. “Barb Kirkmeyer has been a tireless advocate for public safety in Colorado. She understands that protecting families begins with supporting law enforcement, addressing rising crime, and ensuring that our communities are safe for future generations.”

Evans noted that Kirkmeyer’s experience and ability to work across all levels of government – federal, state, and local – make her uniquely qualified to lead. “We need a Governor who not only understands the challenges here at home, but who also knows how to partner with Congress and the President to make fundamental conservative change and get things done. Barb Kirkmeyer has the experience, the tenacity, and the relationships to make sure Colorado has a strong voice at the table. Together, we can advance policies that keep families safe, strengthen our economy, and protect the Colorado way of life. It’s time!”

Senator Kirkmeyer expressed gratitude for Evans' endorsement. "Congressman Evans has dedicated his life to serving Colorado – first in uniform, now in Congress – and I am honored to have his support. We share a vision for a safer, stronger, more affordable Colorado, and I look forward to working side by side to make that vision a reality."

With Evans' endorsement, Kirkmeyer continues to build a coalition of leaders from across Colorado committed to restoring public safety, supporting law enforcement, and ensuring Colorado has a Governor ready to deliver results.
